

## INTEREM ME GRADES (through ME #5)

The following grading scale was established by looking at the total scores for ME's 1/2 through 5. To determine your interem grade, find your total score using your student ID number, then translate it to a letter grade using the scale provided.

Note that the final ME grade will be determined by applying a similar method to the complete total scores, not by averaging this interem grade with another grade. Nevertheless, this grade should provide a fairly good idea of how you are doing so far.

## Grading scale:
